**EUROSPRAY S /** REF.51100

## AIRLESS SPRAYER

Airless sprayer for all types of paint on small and medium-sized sites.

It is very practical on site, with its simplified control panel, quick-release pump, suction tube to draw paint directly from the bucket, cable reel and robust chassis on rubber pads.

Its retractable arm, which enables the hose to be rolled up, and large-diameter wheels make it easy to transport and handle.

### APPLICATIONS

Water-based or solvent-based paints: lacquers, woodstains, varnishes, primers, ceiling mattes, disinfectants, enamels, wood treatment, etc.

|                        |                  |
|------------------------|------------------|
| Max. working pressure  | 200 bar          |
| Max. product flow rate | 1,6 L/min        |
| Power                  | 0,75 kW          |
| Supply                 | 230 V / 50-60 Hz |
| Max tip (new)          | 0,021"           |
| Dimensions (L x w x h) | 56 x 48 x 94 cm  |
| Weight                 | 21,5 kg          |

### DELIVERED WITH

- a Ø1/4" x 15 m hose, 270 bar
- a PaintSpray gun with tip holder
- a 417 standard tip
- a 100 mL bottle of oil for piston pump
- a case containing :
  - a Ø3 Allen key
  - a 17/19 open-end spanner
  - a 19/22 open-end spanner
